EDUCATION

- **Texas State University (2022 – Present)**
  San Marcos, Texas
   Undergraduate Student, Computer Science

- **Austin Community College (2020 – 2022)**
  Austin, Texas
   Associate in computer science

EXPERIENCE

- SCinet Team | 11/2021 - 11/2021
   Supercomputing 2021 - St Louis, MO

As part of the core SCinet team, I helped establish the Super Computing network, which is the fastest temporary internet in the world. As part of the fiber team, I assisted in providing a reliable network for the exhibition participants. During the conference I interacted with many researchers got a first-hand opportunity to see a large conference come together.
